

WHO WE ARE

The LAHIMSS Chapter was formed to bring the national HIMSS leadership in healthcare for management of technology, information, and change through publications, educational opportunities, and member services to Louisiana. Membership is open to healthcare information management, management engineering, telecommunications, clinical informatics professionals and students with hospital, physicians, home health, managed care, healthcare information system and technology partner organizations.

JOIN HIMSS NOW!

Membership Dues: (US dollars)

- * Regular Member - \$140.00
- * Chapter Local Only Member - \$30.00
- * Full-time Student Member - \$30.00

All memberships expire annually on June 30. Dues are non-refundable and nontransferable. When you apply for membership, be sure to select the Louisiana chapter for your choice as the local chapter.

Visit www.lahimss.org for applications.

Louisiana Health Care Review, Inc.

About **Himss**

The Healthcare Information and Management Systems Society (HIMSS) is the healthcare industry's membership organization exclusively focused on providing global leadership for the optimal use of healthcare information technology (IT) and management systems for the betterment of healthcare. Founded in 1961 with offices in Chicago, Washington D.C., Brussels and other locations across the United States and Europe, HIMSS represents more than 20,000 individual members and over 300 corporate members that collectively represent organizations employing millions of people. HIMSS frames and leads healthcare public policy and industry practices through its advocacy, educational and professional development initiatives designed to promote information and management systems' contributions to ensuring quality patient care.

About **LHIMA**

LHIMA is a component Association on the American Health Information Management Association (AHIMA). There are approximately 51,000 members of AHIMA. The Louisiana association has approximately 900 members. LHIMA promotes the professional development of its members through education, communication, and lifelong learning thereby fostering quality health information to benefit the public, the healthcare consumer, providers and other users of clinical data. LHIMA's vision is to be recognized as the leader in health information management practice, education, research, and advocacy.

About **HISPC**

The Health Information Security and Privacy Collaboration (HISPC) is a collection of leaders in the health information technology (HIT), health care quality and health policy arenas who have come together to advance HIT implementation in Louisiana. HISPC uses a multi-faceted approach including advocacy, education and outreach to address issues of privacy and security in electronic medical records. The ultimate goal is to help enable better health care for all Louisiana citizens. HISPC is managed by the Louisiana Department of Health and Hospitals, and funded by the Agency for Healthcare Research and Quality (AHRQ) and the Office of the National Coordinator (ONC) for health information technology. It is administered by RTI International.
